

# ProCharger HO Intercooled System for 2010-11 CAMARO SS

**BOLT ON  
175+  
HORSEPOWER**

**The ULTIMATE Power Adder for the 2010-11 Chevrolet Camaro SS**

- ProCharger® P-1SC-1 supercharger, patented and proven self-contained oiling design eliminates the need for external oil lines. 3-year warranty available.
- Large, 3-core air-to-air intercooler helps to provide the industry's coolest charge air temperatures and largest, safe power gains, and comes standard with an industry-best 3-year warranty.
- Available for automatic and manual transmissions.
- OEM quality and outstanding installed appearance.

## ProCharger: First-to-Market with Air-to-Air Intercooled Supercharger Solution

Building on our industry-leading experience with supercharging GM LS engines, ProCharger is once again first-to-market with an air-to-air intercooled supercharger system and tuner kit for the popular 2010 Camaro SS. Utilizing the patented and proven, self-contained ProCharger P-1SC-1 supercharger, a highly effective air-to-air intercooler and dedicated 8-rib drive, a ProCharger system or tuner kit can add 175 or more horsepower to an otherwise stock Camaro SS running high quality pump gas.

The HO Intercooled System comes 100% complete, including the industry-leading ProCharger supercharger, air-to-air intercooler, intercooler tubing, brackets, 50 lb/hr fuel injectors, ProFlow bypass valve and computer programmer. Thanks to the industry's coolest charge air temperatures, the unmatched power gains are delivered with maximum reliability and everyday driveability.

### Tuner Kits

The HO Intercooled Tuner Kit is identical to the complete system, but omits fuel injectors and computer programming. Higher boost and power levels are available for modified engines.

### Camaro Power Upgrade Path

D-1SC through F-1R, 12-Rib Drive\* and a Cog Race Kit are available for modified engines. Call ProCharger today for more information.

### Intercooled HO System Pricing:

HO Intercooled System	<b>MSRP: \$6,996</b>
HO Intercooled Tuner Kit	<b>MSRP: \$6,296</b>
D-1SC Upgrade (Tuner Kits only)	<b>MSRP: +\$230</b>
Helical Gearset for Noise Reduction (P-1SC-1, D-1SC only)	<b>MSRP: +\$100</b>
F-1D/F-1/F-1A Upgrade (Tuner Kits Only)	<b>MSRP: +\$775</b>

# NEW! ProCharger Intercooled Stage II System 2010-11 CAMARO SS

SUPPORTS UP TO  
**1,300**  
HORSEPOWER

## NEW Stage II System and Tuner Kit for modified 2010-11 Chevrolet Camaro SS

- ProCharger® P-1SC-1 supercharger, patented and proven self-contained oiling design eliminates the need for external oil lines. 3-year warranty available.
- Large, air-to-air intercooler helps to provide the industry's coolest charge air temperatures and largest, safe power gains, and comes standard with an industry-best 3-year warranty (*P-1SC-1 Complete Systems only*).
- Available for automatic and manual transmissions.
- OEM quality and outstanding installed appearance.

### Leading the Way: ProCharger Intercooled Stage II System and Tuner Kit for modified 2010-11 Camaro SS

Realizing the performance potential of modified LS-engines, ProCharger is once again leading the way with an Intercooled Stage II System and Tuner Kit designed specifically for the 2010-11 Camaro SS. When compared with the industry-leading HO System and Tuner Kit, the new Stage II offering includes a larger, 1,300 HP front-mounted air-to-air intercooler, along with a new, low restriction air inlet and larger air filter. (*battery terminal relocation bracket is included, drilling required, Stage II only*)

The new Stage II System includes injectors, computer programmer and utilizes an 8-rib, dedicated drive and tensioner system, with a 12-Rib Drive\* dedicated drive available as an upgrade. The heavy-duty bracket provides a solid, stable mounting location for a wide range of ProCharger models, including the standard P-1SC-1, and optional D-1SC, F-1D/F-1/F-1A or F-1C/F-1R supercharger models.

#### Stage II Tuner Kits

The Stage II Intercooled Tuner Kit is identical to the complete system, but omits fuel injectors and computer programmer. Higher boost and power levels are available for modified engines. Call today for more information.

*\* 12-Rib Drive Upgrade requires the purchase of an aftermarket crankshaft damper. (ATI PP part# 918635)*
